

At the doctor's
office and
don't have
your ID card?

Use your digital ID card!

A digital version of your ID card is available through the My MedCost mobile app or on the secure member portal at www.MedCost.com.

From the app, select the "ID Card" option to see front and back views of your card. And, you can e-mail the card to your provider.

You also can view and print a paper copy of your ID card by logging in to the member portal of the website.

Problem solved — day saved!

The My MedCost mobile app is free and available for download from iTunes and Google Play.
